Chapter 1. The Commission

§101. Purpose

A. The following constitutes a full and complete description of the organization and the general course and method of operation of the commission, the organizational chart of which is attached hereto as §107, Exhibit A, and is made a part hereof.

B. By law, the commission shall have a chairman and a secretary and such other officers as the commission may elect. Present law provides that the chairman of the commission shall be the state treasurer, who is authorized to appoint the secretary. The duties of the chairman are defined by law and are generally those performed by the principal officer of a board or commission. The secretary is responsible for certifying all official proceedings and acts of the commission and is custodian of its official records and documents, performing such additional duties as are normally undertaken by the secretary of a commission or board. Also, the secretary shall assume certain duties of the chairman in his absence, or at his direction, and shall perform such other tasks as may be assigned by the chairman or commission.

C. The commission is a constitutionally created body and, under constitutional and statutory authority, the state agencies and political subdivisions may not incur debt or levy taxes or hold elections therefor without the approval or the authorization of the commission.

D. The commission receives applications from parishes, municipalities, special taxing districts, and other political subdivisions of the state, requesting authority to incur debt or levy taxes. These applications are reviewed for compliance with constitutional and statutory requirements and feasibility, including the ability to repay any indebtedness incurred. If the applications are in order, they are placed on an agenda for consideration by the commission at a regular or special meeting. At the meeting the commission

either approves or disapproves the application or defers action on the application for further discussion. Certified copies of excerpts of minutes showing approval are sent to those who have submitted applications which are approved. Those whose applications are disapproved are notified.

E. The commission prepares all resolutions, official statements, notices, and all other proceedings in the issuance of state general obligation debt. In this regard, the commission publishes notices for receipt of bids on state debt and receives bids from underwriters seeking to purchase bonds of the state. The commission sees that the bonds are printed and delivered to the successful purchaser. The commission also issues obligations representing any debt which state agencies and authorities may incur.

F. Applications may be submitted and information may be obtained by writing to Bond Commission, Box 44154, Baton Rouge, LA 70804, Attention: Secretary, Bond Commission. Inquiries may be made by calling (225) 342B0067.

AUTHORITY NOTE: Promulgated in accordance with R.S. 49:950 et seq.

HISTORICAL NOTE: Promulgated by the Department of the Treasury, Bond Commission, LR 2:343 (November 1976), amended LR 4:393 (October 1978).

§103. Original Rules (1975)

A. The following constitutes all of the existing rules, as defined in the Act, including all rules in existence on January 1, 1975, and all other written statements of policy or interpretations formulated, adopted, or used by the commission in the discharge of its functions, including all final orders, decisions and opinions, as amended.

B. The following has been adopted concerning meeting dates: Regular meetings shall be held at

10 a.m. on the third Thursday of each month, provided that:

1. any meeting at which bids are to be received for the sale of bonds may be held at either 10 a.m. or 11 a.m., any meeting held during Legislative Sessions will be held at 8 a.m. unless bids are to be received for the sale of bonds; and

2. any meeting held in lieu of a regular meeting date due to state holidays shall be deemed a regular meeting, and such new meeting date shall be determined by the chairman of the commission; special meetings may be called by the chairman of the commission on any date.

C. Applications, to include the name, address, and telephone number of the responsible official, must be filed with the commission at least 20 working days prior to the commission meeting at which the application will be considered. However, the secretary of the commission may approve a later filing for an emergency or an extraordinary situation. One copy of any related resolution or ordinance, certified by a duly authorized official, and one copy of the financial statements described in §103.E shall be submitted with the application. Unless otherwise provided by these rules, all information relating to an application shall be submitted to the commission no later than 10 working days prior to the commission meeting at which the application will be considered; otherwise, the application will not be docketed for consideration.

D. Notices of meetings and tentative agendas will be mailed or otherwise made available to each member and any other party who has requested same at least six days prior to the meeting, and notices of meetings will be posted in accordance with law.

E. Financial statements, as described below, must be submitted with all applications to incur debt.

1. If the recently completed operating year ended less than 90 days prior to the date of the application to incur debt, the following financial statements must be submitted with the application:

a. financial statements covering all funds for the second preceding year; and

b. interim financial statements, for the General Fund and for the fund from which the debt will be paid, from the date of the last financial statements to three months prior to the date of the application.

2. If the most recently completed operating year ended 90 days or more prior to the date of the application to incur debt, the following financial statements must be submitted with the application:

a. prior year financial statements covering all funds; and

b. interim financial statements, for the General Fund and for the fund from which the debt will be paid, from the date of the prior year financial statements to three months prior to the date of the application.

F. The secretary of the commission shall be responsible for docketing all matters to be considered by the commission, and no matter will be docketed that does not comply with commission policy or that cannot otherwise be legally considered.

G. A personal appearance by a representative of the applicant is necessary in emergency matters; no such personal appearance is otherwise necessary unless specifically requested by the commission staff.

H. The secretary or assistant secretary of the commission shall be responsible for presenting all matters to the commission and will report all matters with a recommendation for approval, disapproval, deferral, or no recommendation.

I. A docket meeting among representatives of the commission staff, the Legislative Auditor's Office, and the Attorney General's Office will be held prior to each commission meeting to review all matters on the agenda.

J. The following shall be furnished to the commission staff in regard to the issuance of bonds or other evidences of debt:

1. a copy of the official statement when prepared; and

2. a copy of the bid submitted by the bidder or bidders to whom the bonds were awarded and an amortization schedule when available.

K. All legal fees to be paid in connection with all applications shall be in accordance with the Attorney General's fee schedule and shall be subject to his approval. Each applicant shall state the amount of the attorney's fee or that said fee does not exceed said schedule, in order to comply with this rule.

L. The maximum financial advisor's fee and maximum underwriter's compensation on negotiated sales shall be approved by the commission; provided, however, that, in the case of industrial revenue bonds, no commission approval shall be required.

M. Approval of the Department of Commerce and Industry must be obtained for projects to be funded by industrial revenue bonds, including industrial development board and public trust projects, which approval shall certify compliance with the provisions of Rule 1 adopted by the Board of Commerce and Industry. If such approval is not obtained prior to submission of the application to the commission, then any approval of the commission will be made subject to approval of the Department of Commerce and Industry.

N. The results of all elections which are authorized by the commission shall be reported to the commission by a representative of the applicant as soon as they are promulgated.

O. All advance refundings must be conducted strictly in compliance with all proposed federal regulations regarding arbitrage or any other matter relating thereto.

P. Line of Credit

1. A *cash line of credit* is an authorization to a state agency to proceed with a project and draw from the State Treasury funds for the project prior to the sale of bonds for that project. The maximum amount of lines of credit in any fiscal year which may be authorized by the commission shall be the amount set forth in the comprehensive capital outlay act adopted by the Legislature. Bonds shall be issued to replenish lines of credit granted in the fiscal year in which the line of credit was granted. No lines of credit may be granted for a project unless and until either the bonds have been sold, lines of credit have been granted, or a certificate of

impossibility and impracticality has been issued for all projects of higher priority as stated in the comprehensive capital budget adopted by the Legislature. The maximum amount of lines of credit provided herein shall not apply in cases where the commission shall deem an item to be an emergency matter.

2. Monies advanced on a line of credit for any project shall be spent only in accordance with the description in the bond authorization act authorizing bonds to be issued for that project.

3. Prior to the execution of any contract or agreement obligating the expenditure of monies received by any state department or agency or any other entity from line of credit funds, the Attorney General's Office shall be requested to review such proposed contracts or agreements for the sole purpose of determining whether expenditure of funds thereunder is for the purpose of furthering the applicable project adopted by the Legislature. If given, such prior approval by the Attorney General's Office shall be in writing to the appropriate state department, agency, or other entity with a copy to be furnished to the Bond Commission.

4. Should the Attorney General's Office determine that the proposed expenditure of line of credit funds not be in order, no funds may be used to pay obligations which may be incurred if such contracts are executed after an adverse conclusion by the Attorney General's Office.

5. All approvals of lines of credit shall be conditioned on compliance by the state department, agency, or other entity with the aforementioned procedure, and it shall be their duty to request approval from the Attorney General's Office, stating to which bond act and to which project the contract or agreement in question pertains. Failure to comply with such procedure by any such department, agency, or other entity shall result in the immediate revocation of the line of credit, and all information regarding the possible expenditure of line of credit funds for other than authorized purposes shall be forwarded immediately by the commission to the Attorney General's Office and the District Attorney's Office.

Q. Concerning the matter of ratings obtained from rating agencies for issuances of debt, the commission has adopted the following policy.

1. The commission staff will request of the rating agency in writing what information the rating agency requested the issuer to furnish, which has not been so furnished.

2. The commission staff will ask that the rating agency inform the commission when such rating agency requests information from an issuer by providing the commission with a copy of the request.

3. The commission staff will send a letter to the issuer from whom the rating agency has requested information, with a copy to the issuer's bond attorney, and will assist the issuer and the bond attorney in preparing responses to the rating agency.

4. Once a rating has been obtained, the issuer will put forth its best effort to furnish the requested information to the rating agency.

R. Meetings of the commission shall be conducted in accordance with *Robert's Rules of Order*.

S. The attached guidelines are provided in part for informational purposes but also set forth requirements for approval of applications submitted to the commission.

T. Commission rules regarding revenue bonds of state agencies and public trust bonds if the state is the beneficiary are as follows.

1. No state agency or public trust authority will begin planning a project without first notifying the secretary of the commission of the details of such plans.

2. The secretary will either report the undertaking to the commission or arrange for the principals involved to appear before the commission for a preliminary presentation.

3. The secretary of the commission will be advised of all meetings as plans progress and will be furnished copies of all written documents in order that the staff of the commission may participate in and/or be kept abreast of all developments.

4. At such time as the secretary determines that the project will be undertaken and prior to any commitments by any of the parties involved, a preliminary presentation will be scheduled for commission consideration. This presentation will consist of a complete report of progress to date and future plans. The commission will either preliminarily authorize or disapprove proceedings with the project.

5. All third party contracts will be subject to review by the secretary of the commission and all contracts which directly relate to a determination which must be made by the commission will be subject to review by the commission.

6. Applications to the commission to sell bonds on behalf of an agency or public trust authority will be made by certified resolution duly adopted by the issuing authority and will be accompanied by such documents as are necessary to justify the need and feasibility of the undertaking.

V.1. All applications for special emergency elections, as allowed under the authority of R.S. 18:402(F)(6), shall first be reviewed by a special committee appointed by the chairman of the Bond Commission, to review applications for the granting of special emergency election dates. The following criteria shall be used by the committee to determine whether an emergency situation exists.

a. An emergency shall be a sudden, unexpected occurrence or set of circumstances which is beyond the control of the governing authority of the parish, municipality, or parish or city school board.

W. It is the policy of the Bond Commission that the interest rate be established and submitted with applications for budgetary or excess revenue loans, and for loans secured by the pledge of the avails of a special tax. Where such interest rate is above six percent, the applicant must apply for the loan at not less than two lending institutions and must have received replies from such institutions stating either the interest rate at which such institution will grant the loan, or that such institution will not grant the loan. Such replies must be submitted with the application to the Bond Commission.

In case of substantive rules, opportunity for oral presentation or argument shall be granted if requested by 25 persons, by a governmental subdivision or agency, by an association having not less than 25 members, or by a committee of either house of the Legislature to which the proposed rule change has been referred under provisions of Section 968 of Title 49.

2. Any interested person may petition the Bond Commission requesting the adoption, amendment, or repeal of a rule. Each request must state either the present rule to be amended along with proposed changes, or text of the proposed new rule to be presented to the Bond Commission for adoption. Upon receipt by the director, notice of such request, and such other information as he may deem appropriate, shall be sent to all Bond Commission members. The person requesting the change or his representative shall be present at the

Chapter 3. Non-Traditional Tax-Exempt Projects

§301. General

A. The following rules and regulations concerning the tax-exempt financing of nontraditional use projects are made complementary to other rules and regulations contained herein which may be applicable to a particular financing.

1. The Bond Commission shall require that each issuer of nontraditional purpose bonds establish criteria to be met by the beneficiaries of the financing as a condition precedent to its undertaking of the financing of a project and file such criteria with the Bond Commission.

2. Nontraditional purpose bonds are bonds issued to finance facilities or enterprises not under the control, operation, management, and administration of traditional governmental subdivisions or authorities and not used in providing essential or necessary governmental services. Traditional governmental subdivisions or authorities for the purpose of this report shall mean the state, parish, municipality, or other political subdivision of the state.

3. The following information concerning a project should be furnished to the Bond Commission in connection with its approval of nontraditional purpose bonds:

a. a detailed description and scope of project, including nature of business and qualifications of applicant to undertake the project;

b. budget, including any pertinent information regarding acquisition costs and new construction costs;

c. estimated time schedule;

d. estimated number of construction jobs and permanent jobs, with estimated permanent annual payroll;

e. relationship of project to other businesses owned and/or operated by same entity which may be a guarantor of the obligation;

f. certificate of the applicant that there are no detriments of the project to the health, safety, or environmental considerations of the community;

g. independent professional certification as to the feasibility and total cost of the project, if required by the commission;

h. certification by the applicant that the total amount of financing will be used to pay for the specific project being financed;

i. authorization of the project by appropriate parties and/or company officials;

j. all other contracts that relate to the sale or security of the bonds, the disposition of bond proceeds, or the operation of the project or undertaking as may be required by the commission.

4. The commission shall only consider the application for the sale of bonds of a project, the nature and type of which is enumerated in the law, and for which the applicant has clearly established the legal authority for the issuance of tax-exempt bonds. If such authority is not clear, but the applicant wishes to proceed then the commission shall request an Attorney General's opinion for use by the commission.

5. The commission shall not approve any bonds issued for the sole purpose of refinancing existing debt of any for-profit corporation or private company, other than for hospitals, at a lower rate of interest unless the outstanding existing debt bears tax-exempt interest.

6. The commission shall not approve the issuance of bonds for nontraditional purposes unless the bonds are rated at least investment grade (BBB/Baa) by either Standard and Poor's Corporation or Moody's Investors Service, or will be privately sold to financial institutions or specific authority is granted for a public offering after a hearing by the Bond Commission.

7. The commission shall schedule for its consideration a preliminary presentation for all nontraditional use projects. This presentation will consist of a complete report of progress to date and future plans. The commission will either preliminarily authorize or disapprove proceeding with the project. Industrial projects of publicly-held companies and all industrial projects financed by parishes, cities, industrial districts, or port commissions pursuant to R.S. 39:991 et seq. and all pollution control projects are specifically excepted from the preceding requirement.

8. Publicly-held companies must furnish five years' audits and profit and loss statements, if possible, or satisfactory financial statements. In addition, such companies must furnish either a letter from an investment banker or financial institution indicating that the proposed bonds are marketable or a commitment from an investment banker or financial institution to purchase or to underwrite the bonds and a copy of the latest annual report.

9. Entities other than publicly-held companies must furnish five years' audits and profit and loss statements, if possible, or make available for review and study without becoming a part of the public record satisfactory financial statements, where applicable, and a preliminary letter of intent from an investment banker or a financial institution that the bonds can be placed or sold. In addition, the commission may require an investment letter (wherein the bond purchaser agrees that the bonds are being purchased and intends to keep the bonds for his own account and intends that the bonds will not be sold to the general public at the time of issuance) where public sale of the bonds is deemed inappropriate, or if a start-up company cannot obtain an investment grade rating.

10. The commission shall not approve an application for the issuance of nontraditional bonds if a resolution or ordinance of the governing body of a municipality (where the project is within the municipality or parish; where the project does not lie within a municipality) is received objecting to the issuance of said bonds, until a public hearing of the commission is held, after due notice is made to the governing authority.

11. The local governing authority shall be notified timely of the agenda of the commission that will reflect the pending application of a project in that municipality or parish.

12. Any applicant seeking the commission's approval of a non-traditional application previously rejected by the commission at a regular or special meeting shall only be docketed for reconsideration after meeting anew all applicable state laws, rules, regulations, policies, and procedures of the commission.

13. All prospective issuers of non-traditional purpose bonds (as previously defined herein) must provide at least five days' notice prior to their initial consideration of application for non-traditional purpose bonds to state legislators representing the geographical area in which the project is contemplated to be located. Thereafter, at least 24 hours notice of subsequent consideration(s) of non-traditional purpose bonds must be provided to the legislators. The notice(s) will include the following information:

§501. Second Issues of Mortgage Revenue Bonds

*Disbursement of Funds to Mortgage Lenders*Xcommitments should be made to mortgage lenders and mortgage lenders should make commitments only to individuals who qualify as purchasers and who have entered into bona fide purchase agreements, except that commitments may be made to builders, not exceeding 40 percent of the total loanable funds of the program.

*Expropriation*Xexcept as may be found to be in conflict with the provisions of any applicable trust indenture of any authority issuing mortgage revenue bonds, any mortgagor having financed a home under a mortgage revenue bond program whose home is expropriated may, at his option, be transferred to a replacement residence at the same interest rate and maturity as his existing mortgage under the mortgage revenue bond program.

*Loan Rates*Xa process blending the authority funds with the lending institution's conventional funds should be implemented which would provide higher mortgage interest rates to higher income mortgagors, subject to the limitations as set forth in Rules Number 2 and 3.

*Maximum Income of Mortgagors*Xthe maximum adjusted gross family income for mortgagors in the programs should not exceed \$40,000.

*Maximum Mortgage Amount and Maximum Purchase Price*Xthe maximum mortgage amount should not exceed \$75,000 and the maximum purchase price should not exceed \$95,000. Where a duplex, triplex, or four-plex is concerned the maximum mortgage amount shall not exceed \$150,000.

*Participation by Lending Institutions*Xthere should be participation in the program by existing lenders who are qualified and doing business in Louisiana. The allocation of program amounts to these lenders should be basically in proportion to the business they do in the area in which the loans are to be made.

*Public Purpose*Xthe public purposes for which mortgage revenue bonds should be offered are to provide increased home ownership opportunities for low and moderate income persons and for revitalization of declining areas. It is further the intent that individual mortgagors benefiting from mortgage revenue bond programs shall intend to permanently reside in the home financed in order to encourage family residences.

*Refinancing of Loans*Xno loans should be made for refinancing, except:

1. with respect to substantial rehabilitation meeting objective criteria established by the issuing authority;
2. if, after a final divorce judgment is rendered, a person wishes to buy the interest of an ex-spouse under the terms of a community property settlement, or other binding division of assets; or
3. succession assets are being liquidated after a final judgment of possession is rendered.

*Special Consideration for Larger Families*Xlarger families should be encouraged to participate in the program by permitting such families to make mortgage loans irrespective of their income category, provided the maximum permissible income level for that program is not exceeded.

§503. Vacancy Guidelines

A. New multifamily housing applications whereby the vacancy rate in the area of the new construction equals or exceeds 20 percent, according to an acceptable vacancy study, will not be docketed for consideration. In parishes, or sections of parishes, for which no study has been completed, the developer will be required to arrange for a study indicating vacancy rates and such study will have to be acceptable to the issuer and the commission.

B. Inducements for new construction in areas that have more than 15 percent and less than 20 percent vacancy rates would be prohibited unless a specific feasibility study and vacancy rate study by the developer justifies such a development. Both studies would have to be completed no more than 90 days prior to inducement.

C. At the time of preliminary consideration by the Bond Commission acceptable vacancy rate studies as mentioned herein must be current up to 180 days.

D. New construction for special purpose needs (mainly elderly and handicapped housing) are exempt from these vacancy guidelines.

E. All new construction multifamily housing developments induced by an issuer prior to July 23, 1985, are exempt from these vacancy guidelines.

1. *Very Low Income* households whose incomes do not exceed 50 percent of the median income for the area, as determined and adjusted from time to time by HUD.

§507. Rule Number HS2-1993 Bond Commission Multifamily Housing Applicants

A. The Bond Commission (the "commission") has found it necessary to address the concerns of very low, low, and/or moderate income families in multifamily housing units financed with tax exempt and/or taxable municipal bonds subject to the approval of the commission.

B. The commission hereby adopts the following rule which shall apply to all such applications submitted to the commission for new construction, acquisition and/or rehabilitation, or refunding of multifamily housing units.

C. Multifamily housing applications must include defined tenant benefit programs for those units set-aside for very low, low, and/or moderate income families. Those applications that do not include evidence of such programs will not be docketed for consideration.

D. The staff of the Bond Commission shall use the following criteria when evaluating defined tenant benefit programs.

1. *Nonspecial Needs Multifamily Housing*. A developer shall select at a minimum two of the seven options listed below for the set-aside units.

a. *Material Rent Differentials*. In order to be deemed material, a rent differential must satisfy the federal tax credit guidelines which specify that rent for set-aside units should not exceed 30 percent of the imputed income limit for the set-aside unit.

b. *Deposit Waivers and/or Application Fee Waivers*. Deposit or application fee waivers may be applied to either an application fee, a security deposit, or both.

c. *Rent Cap*. Rent caps may be applied which limit the dollar and/or percentage of increase in rent upon renewal of a lease. Such rent caps must be equal to or less than one-half the scheduled rent increase for such lease renewal.

d. *Rent Deferral*. Rent deferral programs would apply to those tenants which become unemployed during the term of their lease. Rent deferral programs can reschedule rent payments at reduced amounts or have a 100 percent deferral either until six months after the resident is no longer receiving unemployment compensation. This program may be funded with a reserve set aside for this specific purpose and clearly delineated in the bond documents.

e. *Educational Programs or Other Socialization Programs*. These programs may include literacy or tutorial programs, re-education assistance for the unemployed, or other such assistance which would increase opportunities for the targeted income class.

f. *Daycare Related Programs*. These programs may either be located on site or subsidized off site daycare centers. Programs may include after school care and/or supervision for the children of working parents.

g. *Other such benefit programs* as may be proposed by the developer, such as:

- i. tenant security programs;
- ii. energy conservation programs.

2. Special Needs Multifamily Housing. The commission recognizes the development of special needs housing for the elderly, disabled, homeless, etc., is essential to the welfare of the citizens of the state. Therefore, the criteria for the defined tenant benefit program shall be based on the total package to be offered to the special needs group, including, but not limited to the following:

- a. Meals Programs. Depending upon the special needs group targeted, this benefit can include one or more meals provided in a central dining area or some other meal program included as part of the total benefit package;
- b. Transportation Assistance;
- c. On-Site Health Services;
- d. House Keeping Services;
- e. Social Activities;
- f. Trained and Certified Staff;
- g. Rent Differentials.

3. Multifamily Housing in Qualified Redevelopment Areas. The commission recognizes the importance of encouraging the redevelopment and/or revitalization of urban and inner city areas. Therefore, additional consideration will be given to the following.

a. A Qualified Redevelopment Area. A qualified redevelopment area shall be defined by the governing authority of the local jurisdiction and as approved by the Bond Commission.

b. Project Plan. The project plan must include whether it is new construction or a redevelopment of an existing property. The plan must also include a defined tenant benefit package if the project targets a special income class. If the project requires the relocation of current residents, the plan must show how the relocation will be addressed.

E. In all instances, the final decision as to the acceptance of the defined tenant benefit package shall rest with the commission. Inclusion of a defined tenant benefit package does not guarantee approval. Other factors will be considered including:

- 1. the total financial package;

2. other means of financing including historical and housing tax credits;

3. the nature (for profit or nonprofit), experience and track record of the developer; and

4. the experience and track record of the proposed property manager.

F. A complete application must be filed with the Bond Commission no later than 20 working days prior to the meeting date at which the application is to be considered in accordance with the rules of the commission.

G. The schedule of income levels as published periodically by HUD will be used for purposes of this rule to determine income levels for particular areas of the state.

Chapter 13. Disclosure

§1301. Disclosure of Agreements between Financial Professionals for Negotiated Transactions

A. The duties of the Bond Commission (the "commission") require that it choose financial professionals (including, without limitation, firms of underwriters, financial advisors, and bond attorneys) in connection with certain bond issues and the commission predicates such choices upon the competing firms' experience, qualifications, and performance, in order that a broad spectrum of firms including minority and women-owned and regional firms are given an opportunity to actively and fully participate in such financings.

B. The commission's duties also require that it approve applications from local governmental entities to issue bonds and such applications include information on the financial professionals involved in handling the issues.

C. In order to insure the integrity of the structure of the financing team which the commission is charged with the responsibility of choosing and/or approving for handling bond issues, the commission hereby amends the following rule regarding agreements by and between such financial professionals as to the sale of such bonds.

- 1. Terms and/or existence of all joint accounts and/or any other fee-splitting arrangements by and between financial

professionals must be disclosed and approved by the commission.

2. For bond issues for which the commission is charged with the responsibility to choose the financial professionals, the following will apply.

a. Firms under consideration for selection by the commission must file a disclosure statement to be submitted as part of their proposal (whether such proposal is solicited or unsolicited), listing any and all agreements by and between themselves and any other financial professionals which relate to the bond issue.

b. Financial professionals must include, in any proposal submitted to the commission, the name or names of any person or firm, including attorneys, lobbyists, and public relations professionals engaged to promote the selection of the particular financial entity.

c. Joint proposals from financial professionals will be allowed only if the commission's solicitation for offers requests and/or permits joint proposals. The commission reserves the right, in its sole discretion, to decide on an issue-by-issue basis whether joint proposals will be permitted.

d. All financial professionals submitting joint proposals and/or intending to enter into joint accounts or any fee-splitting arrangements in connection with a bond issue must fully disclose and have approved by the commission any plan or arrangement to share tasks, responsibilities, and fees earned, and disclose the financing professionals with whom this sharing is proposed, and any changes thereto which may occur.

e. The Agreement Among Underwriters will govern all transactions during the underwriting period and such agreement must be disclosed and filed with the commission.

f. No later than 45 days following the bond sale, all participating underwriters must file with the commission in notarized affidavit form individual post-sale reports which include a full accounting for all bonds sold and all commissions earned, and any other compensation paid or earned in connection with such sale.

3. Failure to comply with any of the provisions of Section 1 or 2 of this rule may result in a firm's immediate dismissal, disqualification from later issues, or other penalties as may be provided by law or the rules, policies, and procedures of the commission as the commission, in its sole discretion, may deem appropriate.

4. For those bond issues which the commission must approve but for which the commission is not responsible for the choice of the financial professionals, the following will apply.

a. The details of any arrangements for compensation of all the financial professionals in the transaction (including any joint accounts or fee-splitting agreements) and the method used to calculate the fees to be earned must be provided to the commission in the written application. The commission's receipt of this information is a prerequisite for being placed on the agenda.

b. At closing, this information must be certified in notarized affidavit form by the financial professional to be correct and filed with the Bond Commission within five days thereof. This information will form a part of the public original record of the bond issue.

C. For purposes of this rule, the Bond Commission, when unable to determine the

classification of a debt issue as net state tax supported debt under the provisions of R.S. 39:1367 or the rules of the commission, may request an advisory opinion of the legislative auditor of the proper classification of such debt issue based upon the criteria of the Governmental Accounting Standards Board codification of Governmental Accounting and Financial Reporting Standards. The Bond Commission may also request an opinion of the attorney general of the proper classification of such debt based upon the constitution and laws of the state of Louisiana. Both such opinions may be considered by the commission prior to any determination of the classification of such debt issue as net state tax supported debt.

Chapter 17. Reimbursement Contracts

§1701. Prepayment of Reimbursement Contracts

A. The Omnibus Bond Authorization Act, in order to facilitate the funding of capital improvements by certain governmental units and political subdivisions of the state, has authorized the issuance of general obligation bonds contingent upon the applicable management board, governing body, or state agency entering into and executing a reimbursement contract with the Bond Commission pertaining to the reimbursement payments and reimbursement reserve account payments for such projects.

B. The execution of such reimbursement contracts does not in any way affect, restrict, or limit the pledge of the full faith and credit of the state of Louisiana to the payment of the general obligation bonds issued pursuant to the authority of such act.

C. The state of Louisiana is obligated to the general obligation bondholder regardless of the existence of any reimbursement contracts between the state and any of its governmental units or political subdivisions, and likewise the governmental unit or political subdivision is obligated to make payment to the state of the

money loaned under the reimbursement contracts, regardless of the current status of any general obligation bonds.

D. In some instances the prepayment of such reimbursement contracts can result in savings and/or other benefits to such governmental units and political subdivisions, and to that end a clear and orderly process for entering into and prepaying reimbursement contracts will benefit both the state and the governmental units and political subdivisions utilizing such tax-exempt funds by insuring that funds are handled in such a manner as to maintain the tax-exempt status of any bonds issued in connection with the transaction. Therefore, the following is the policy of the Department of the Treasury, Bond Commission, to be considered relative to reimbursement contracts.

1. Any governmental entity or political subdivision borrowing money from the proceeds of a state general obligation bond issue shall, at the time the money is borrowed from the state, enter into a reimbursement contract as provided in the Omnibus Bond Authorization Act pursuant to which the bonds were issued, which reimbursement contract shall provide for the terms and conditions under which these funds shall be repaid by the governmental entity or political subdivision. At the time a reimbursement contract is executed for the underlying tax-exempt obligation, an IRS Form 8038G or Form 8038GC shall be prepared by the attorney general and shall be executed by the recipient of the bond proceeds.

2. Any governmental unit or political subdivision which has entered into a reimbursement contract shall be allowed to prepay the reimbursement contract:

a. if the prepayment would result in a minimum net present value savings in accordance with Schedule A hereto;

b. if economic and administrative benefits accrue to the governmental unit or political subdivision as a result of the prepayment as may be reasonably determined by the staff of the Bond Commission; or

c. a prepayment characterized as a current refunding shall be permitted in any case.

3. A governmental unit or political subdivision wishing to prepay a reimbursement contract shall make such request in writing to the Bond Commission. The staff shall determine the amount due for prepayment, including principal and interest due less the amount of any reimbursement reserves. No redemption premium shall be charged to prepay a reimbursement contract unless such premium is needed to pay a corresponding redemption premium to the state's bondholders within 90 days of such prepayment.

4. The staff of the Bond Commission shall then send written notification to the chief financial officer or other appropriate official for the entity requesting prepayment setting forth the amount owed for prepayment. Copies of the notice shall be forwarded to the fiscal officer of the Department of the Treasury, the attorney general, and the Division of Administration. The chief financial officer or other official to whom the notice is sent shall verify in writing that they concur with the figures submitted in the written notice.

5. If application is made to the Bond Commission for the issuance of refunding bonds, the proceeds of which are to be used for the prepayment of a reimbursement contract, a copy of the notification submitted pursuant to Section 4 above must be attached to the application. Upon receipt of such an application, the state debt analyst shall be immediately notified. The total amount due in order to prepay the reimbursement contract must be verified by the state debt analyst and made a part of the file. Once the amounts have been verified the usual procedure for approval of bond applications shall be followed.

6. After the recipient's refunding bonds have been sold, the applicant must contact the Bond Commission to arrange payment of the reimbursement contract. Prepayments must be accompanied by a certificate of the chief financial officer or bond counsel for the prepaying entity attesting to the correct arbitrage yield on the refunding bonds.

7. Upon delivery of the prepayment check, the state debt analyst shall fill out the parish and local government Reimbursement Contract Prepayment Receipt Log showing receipt of the

money, where it is to be deposited and whether it is to be yield restricted to the rate of arbitrage yield certified to by the bond counsel for the prepaying entity (in the case of prepayments funded by a tax-exempt bond issue) or to the rate of the state bond issue (in the case of prepayments not funded with the proceeds of a tax-exempt bond issue, such as those funded from tax revenues or user fees). The proceeds received as prepayment of reimbursement contracts shall be deposited by the fiscal office, Department of the Treasury, into the state treasury in accordance with the designation shown on the form and shall be placed in the Capital Outlay Escrow Fund. Such funds shall be yield restricted as indicated above or yield reduction payments shall be made as necessary until such funds are expended in accordance with law. All interest earnings on such funds shall remain in the Capital Outlay Escrow Fund and shall be restricted to the same yield as the original prepayment deposit or yield reduction payments shall be made as necessary until all such earnings are expended along with the principal prepayment amount.

8. Upon deposit of the prepayment proceeds, the Fiscal Control Section of the Department of the Treasury shall notify the Division of Administration that funds are now available to be used in accordance with the Capital Outlay Bill for the current fiscal year. Such notification shall include a copy of the Reimbursement Prepayment Receipt Form.

9. The Division of Administration shall notify the fiscal control section of the Department of Treasury when these funds have been allocated to a particular project. Such notification shall include the name of the project and the amount allocated.
